

SEABOARD
AIR LINE RAILWAY

Portsmouth, April 24th 1904.

Mr. G. M. West,

Superintendent, Chicago Heights Terminal Transfer Co.
Chicago, Heights, Ills.

Dear Sir:--

Absence on line and press of work have prevented earlier acknowledgment of your letters of March 15th and April 4th, contents of which have been fully noted.

I will take up the matter about which you write with our Traffic Department, and communicate with you further. Since you wrote me on this matter first, Mr. J.P. Williams, of Savannah, Ga., has decided to build a line from Attapulugus, on the Georgia, Florida & Alabama Railway, which is owned by him, to St. Andrews Bay. Mr. J.M. Egan, to whom you refer, and whom I know, is I think working with him in this enterprise. Whether it will be put through or not, I am unable to say.

Yours truly,
